Adding structured data to your website.

Ben Kelly - 2025-10-16 - [Comments \(0\)](#) - [SEO](#)

Adding structured data to your website.

View our short screencast below (4 mins) on how to use our templates to add schema mark up to your web pages. The video is prepared specifically for WordPress users and adding the mark up via a plugin, but the guide is useful for anyone looking to add structured data to their website.
